

Federal Disclosures

The following reports are compiled by OPEID number, which is a U.S. Department of Education assigned number used to identify a school. The program information listed here shows information for schools that share an OPEID number unless indicated otherwise.

The reports outline the following data by program and by campus:

- Tuition (and fee where applicable)
- On-time completion rate
- Placement percentages
- Median Loan Debt information values
- Classification of Instructional Programs (CIP) number
- Standard Occupational Classification (SOC) number
- Relevant link to the Occupational Information Network (O*NET)

Definitions

- On-Time Completion Rate (as defined in 34 CFR 668.6 (c)). This number is based on the students who graduated during the award year, and did so within normal time. Normal time is based on the published length of the program in the catalog. This rate is not reflective of the overall completion rate of the program. On-time completion rates can be affected by scheduling changes, failed courses or extended externship hours.
- Tuition and Fees includes the tuition and fees currently charged for the program and include books and equipment. This is the current estimated cost to complete the program.
- Placement Rate is based on the calculation required by both accrediting agency, Council on Occupational Education (COE) and California State, Bureau for Private Postsecondary Education (BPPE). The rate calculation is based on Calendar Year of 2015 for Vocational Nursing Program and 2016 for short programs (Medical Assisting, Dental Assisting and Limited X-Ray Technician Program)
 - COE and BPPE define placement rates as the number of graduates who complete within 150% of the program length during the reporting period who were available for employment and found a job in their field of training, divided by the total number of graduates available for employment. COE requires the placement rate be calculated on a program and campus basis.
- Median Loan Debt is the median debt incurred through Title IV HEA loans, institutional and other private financing sources by students who complete the program.

*This document is intended to provide information about Career Care Institute's programs, pursuant to the Code of Federal Regulations for the **July 1, 2015 to June 30, 2016 Award Year** for our Associate Degree in Nursing Program, **July 1, 2017 to June 30 2018 Award Year** for our Vocational Nursing Program, and **July 1, 2017 to June 30, 2018 Award Year** for our Dental Assisting, Medical Assisting and Limited Permit X-Ray Programs. Career Care Institute is institutionally accredited by the Council on Occupational Education (COE) and approved to operate in California by the Bureau for Private Postsecondary Education (BPPE). For those programs that also carry Programmatic Accreditation or Approval, the appropriate agency is listed with that program's information below.*
