

Title IX Information

Career Care Institute is an equal opportunity institution providing an educational and working environment free from discrimination for students and employees. Under the provisions of Title IX of the Higher Education Act, the Institute does not discriminate on the basis of race, color, national origin, sex, gender, sexual orientation, religion, disability, or age in its admissions practices, in its programs and activities, and in its employment policies. The Institute applies its Non-Discrimination Policy consistently and uniformly. The Title IX Coordinator at each campus may be contacted with any inquiries or complaints regarding the Non-Discrimination Policy.

The Title IX Coordinator is available to aid students, faculty, and staff when needed to file complaints of violation of Title IX provisions, which protect people from discrimination based on sex in education programs or activities that receive federal financial assistance. Institutions are prohibited from retaliating against any complainant. Anonymity is maintained to protect the identity of the student, faculty, and staff. Inquiries about the application of Title IX may also be addressed to the Department of Education’s Office for Civil Rights (OCR).

Career Care Institute complies with Title IX provisions. Students, faculty, and staff can seek assistance with Title IX concerns by contacting the office of the Title IX Coordinator. Title IX Coordinators are trained using webinars and other training materials provided by the Clery Center, in addition to Title IX training provided by the Department of Education.
