

OUR EXPERIENCE

Career Care Institute Vocational School has more than 20 years of experience in healthcare education.

Here at CCI, we pride ourselves on graduate success. We are built on quality, education, transparency, and community service.

Our nationally accredited campuses are not only focused on short-term instruction, we are here to train professionals for long-term success.

All programs at CCI focus on trades within the medical community, and all instructors are experienced veterans within the subjects they teach.

We specialize in preparing registered nurses, vocational nurses, limited permit x-ray technicians, medical assistants, and dental assistants.

Our complimentary career-planning sessions are an essential tool to see which path will suit you best.

AT CCI, we cultivate leaders, we develop professionals, and we strive to provide the scholastic tools to build a better future.

If you're looking to become a Health Care Hero, look no further. Join us at a campus near you!

“

My time at CCI was amazing. I had wonderful teachers who really cared about learning. If we ever needed help they were there without question. I learned valuable things to carry out through life not only in my nursing field. I would and have recommended CCI continuously.

Mercedes D. | Lancaster Campus
